[linkedin.com/in/phillip-wright8332a8110](https://www.linkedin.com/in/phillip-wright8332a8110)

Skilled nursing facility administrator with a record of turning around complex, high-acuity post-acute operations. Led multidisciplinary teams of 140–370 employees while driving revenue growth of up to 3x facility baseline, lifting occupancy to 100%, and reversing negative operating margins to multi-million-dollar annual surpluses. Known for eliminating agency staffing dependency through community-rooted recruitment, and for building custom dashboards, platforms, and automations that put real-time operational data in the hands of department leaders.

CAPITAL PROJECTS

## PROFESSIONAL EXPERIENCE

### Administrator — Alta Gardens Care Center (NEWGEN)

Garden Grove, CA · 01/2026 – Present

- Grew monthly revenue from \$1.2M to \$2.5M by optimizing census and payer mix and streamlining billing processes.
- Raised occupancy from 85% to 100% and sustained full capacity through targeted marketing, hospital partnerships, and referral development.
- Cut overtime and double-time costs from 15% to 3% through strategic hiring and local community recruitment — over \$50K in monthly savings.
- Direct a 160-employee clinical, administrative, and support team, building a culture of accountability and resident-centered care.
- Drove efficiencies across specialty service lines: respiratory therapy, in-house hemodialysis, sensory integration, VA / Neurohealth programs, and outpatient therapy.
- Built emergency-preparedness protocols ensuring full state and federal compliance and audit-ready staff at all times.

### Administrator — Balboa Nursing & Rehabilitation (PACS)

San Diego, CA · 08/2024 – 10/2025

- Increased monthly revenue from \$2M to \$3.5M through census growth, payer-mix optimization, and billing-process improvements.
- Led the facility through a CMS Federal Survey with only 5 minor citations — a standout result for a 370-employee, high-acuity SNF.
- Reduced overtime and double-time from 15% to 6% via strategic and community-based hiring, saving over \$100K per month.

- Brought occupancy from 85% to 100% and held it through hospital outreach, physician engagement, and referral relationships.
- Oversaw 370 employees across clinical, administrative, and support departments; restructured staffing models, vendor contracts, and workflows to strengthen financial and operational performance.
- Partnered with ownership, regional teams, and clinical leadership on strategic planning, quality improvement, and long-term sustainability. Maintained 5 stars overall.

### **Administrator — La Mesa Healthcare Center (PACS)**

San Diego, CA · 08/2022 – 01/2024

*Held concurrently with the University Care Center administratorship.*

- Eliminated \$200K in monthly staffing-agency costs through aggressive recruitment, onboarding pipelines, and market-tailored retention initiatives.
- Reversed a -5% operating margin to an 10% profit margin by tightening cost controls, labor management, and revenue-cycle processes.
- Led a 165-employee multidisciplinary team, improving retention through engagement programs, shift flexibility, and career pathways.
- Strengthened financial reporting and forecasting, enabling data-driven decisions and accurate budget adherence.
- Accomplished 5 Stars overall and maintained full state and federal compliance and a strong survey-readiness culture; standardized care protocols and KPI monitoring to lift quality and patient satisfaction.
- Built community and hospital referral partnerships supporting steady admissions and census growth.

### **Administrator — University Care Center (PACS)**

San Diego, CA · 08/2021 – 08/2024

*Held concurrently with the La Mesa Healthcare Center administratorship, 2022–2024.*

- Accomplished and maintained \$0 staffing-agency spend through a regional staffing crisis via targeted recruitment, employee referral programs, and workforce stabilization plans.
- Grew annual profit from \$300K to \$3M by restructuring labor models, renegotiating vendor contracts, and optimizing census and case-mix management.
- Led 142 employees with a focus on departmental alignment, regulatory compliance, and resident-centered care; consistently met or exceeded CMS quality standards on unannounced inspections.
- Developed operational KPIs and dashboards for department heads, enabling real-time decision-making and performance tracking. Maintained 5 stars overall.
- Partnered with clinical leadership to reduce avoidable hospitalizations and improve resident outcomes.
- Built referral pipelines with local hospitals and SNF discharge planners, sustaining census and high-acuity admissions in a competitive San Diego market.

### **Global Occupier Services Summer Associate — Cushman & Wakefield (Google account)**

San Diego, CA · 06/2018 – 08/2019

- Co-managed a cross-functional internship program, leading a team of 10 interns through weekly meetings, one-on-ones, and reporting to senior leadership.

- Served as project coordinator for the Google Stadia U/X Playtest Lab, supporting an \$8.2M capital budget and facilitating biweekly OAC meetings.
- Oversaw procurement and deployment of a \$120K Terraplas turf-protection system, preserving fields during major campus events and reducing sod-replacement costs.
- Assisted with vendor management, bid reviews, and contract coordination to keep timelines and budgets on track across multiple workstreams.
- Conducted site walks and punch-list reviews with engineers and GCs to track closeout items to Google's standards.
- Contributed to strategic real-estate planning on space optimization, user experience, and tech integration in workspace design.
